DIES AT SEATTLE; BRIGHT'S DISEASE

J. E. Arnell passed away at Seattle, Washington, January 15, 1919, a victim of Bright's disease. Arnell was a boiler-maker in the Santa Fe shops at Seligman for a number of years previous to his removal to the "Webfoot" country and leaves many friends throughout this section to regret his untimely demise. He was a member of the local lodge of Elks and was buried under the auspices of that order in the above mentioned city.

Jim Curtin, deputy sheriff, was over from Kingman Sunday. The dance Saturday night was quite well attended. The dances here are so unfrequent that each one is always enjoyed.

Five dollars a month—less than seven cents a day—the price of a good cigar—will save the life of one of the 400,000 orphan children in the war devastated areas of the Near East. Remember the Armenian Relief Campaign, February 3-10.
